MINTIRE SCHOOL HAS PUPILS FROM EIGHT STATES

War Brings Families From Long Distances to Make Home Here.

The McIntire school opened for its fifteenth term this week with its capacity enrollment of fifty pupils. Not a desk is vacant. Eight different states are represented by the students. They are: Louisiana, Tennessee, Georgia, Alabama, Missouri, Kansas, Arkansas and South Carolina.

Miss Zola McIntire, principal, explains the enrollment from such distances as the result of army conditions. The fathers of the students are stationed at Fort Oglethorpe and the families are to be at home in Chattanooga during the winter. The condition, so unusual for a small private school, is typical of the "jumble" brought about by the war. Persons who had never stirred from their little home towns have become widely traveled and have lived in many different towns.

CAPT. ADLER MENTIONED

FOR GALA LUTTERY IN BATTLE

The Fourth Estate a publication for newspaper men, makes the following complimentary reference to a young Chattanooga:

Capt. Julius Ochs Adler, former assistant treasurer of the New York Times, now a member of the 77th (Camp Upton) division, and a nephew of Adolph S. Ochs, publisher of the Times, in company with other officers on the Vesle front, did gallant work while they were being heavily shelled in a sunken road somewhere near Chery Charteuvre. This information was contained in a report received through Thomas M. Johnson, special correspondent of the New York Sun, with the American army, in a dispatch dated Aug. 31.

"They went on an exposed crest of a ridge, where they selected suitable cover for the men, showing them how to dig in or take advantage of the natural protection afforded by the slope, calmly walking down to direct this or that man to protect himself disregarding their own danger," writes Mr. Johnson.

"The result of their brave leadership was that, although the shelling continued intensely for an hour, the men

SAILOR LADS WHO HAVE THRICE

CROSSED TO FRANCE ON TROOP SHIPS

Ernest A. Hudlow and Bernard Mylins, a short time ago classmates at Central High School, now counting white promotion stripes on sleeves, cuff and shoulder.

ERNEST A. HUDLOW

BERNARD MYLINS.

Chattanooga Writes of Record-Breaking Trip of Seven Days—New York to Europe.

Two Chattanooga boys who entered Norfolk naval training station at the first enthusiastic call to volunteers and are now each day becoming real veterans of the briny deep, are Bernard Mylins, son of Mr. and Mrs. C. L. Mylins of 907 George street, and Ernest A. Hudlow, second son of Mr. and Mrs. S. M. Hudlow. The two boys were classmates at Central High School. At Norfolk, after some months separation, they met in the transportation building by chance, on the day that both were ordered to duty, having finished initial training. Young Hudlow was leaving for Boston and young Mylins for New York. Since then both have crossed the ocean three times and on two of the best of Uncle Sam's great vessels—the names of course, the censor says must be deleted.

Ernest Hudlow ranks as a first class seaman. He is now in New York, having just landed. In a recent letter he writes:

"Dear Mother—We have arrived in New York after 'some more time.' On our trip across the ocean we only stayed out from New York with a convoy of nineteen ships and two destroyers, the S. S. S. caught fire. So we had to drop behind and take all of our troops aboard on ship. It happened at night and the sea was rough. We lost some men in the transfer. Then we sped ahead at twenty-two knots, leaving the rest of the convoy, for we did not have enough food for all the troops for a very long period. We made the trip in seven days.

"Coming back we were eight days, for we had to go around the Cape of Good Hope. So you see we're very smart."

"Believe me, we have had 'some hot trips,' too, as we took the southern coast this last time. I did not get out of France, but expect to next trip."

Letter from Bernard Mylins.

Bernard Mylins, who now ranks as first class seaman, has sent his sister, Miss Frieda Mylins, a blue woolen middle, a real jolly tar's blouse, and as he wins a new white stripe or star on sleeve or shoulder, he writes to her to add just the same number to the cuff or shoulder of her middle.

"S. O. S. we call it all we write about the 'sub'—'Same Old Stuff.' About 7:15 on the evening of the 10th, a torpedo missed our ship by a margin of twenty feet, and a minute later one missed our stern by an equal distance. The torpedoes disappeared on the horizon, but fairly rocked the ship when they finally exploded. We

under their command suffered only four casualties, about one-third of one per cent of the total force."

Capt. Adler is a Princeton man, and the son of Harry C. Adler, general manager of the Chattanooga (Tenn.) Times.

CATOOSA COUNTY STRONG FOR WILLIAM J. HARRIS

Many Chattanoogaans have evinced interest in the Georgia election Wednesday in which William J. Harris, running for United States senator, appears to have had a landslide. At Dalton, Harris received 273 votes, while only 245 voters cast their ballot for William Schley Howard. Thomas W. Hawkamp received but 109 votes. Catoosa county, of which Ringgold is the county seat, went strongly for Harris.

IF YOUR EARS RING WITH HEAD NOISES

If you have roaring, buzzing noises in your ears, are getting tired of hearing and fear Catarrhal Deafness, go to your druggist and get 1 ounce of Parmitin (double strength), and add to it 1-4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, cost little and is pleasant to take. Anyone who has Catarrhal trouble of the ears is hard of hearing or has head noises should give this prescription a trial.

"Who Is the Son of Man?"

(By Emma Bell Miles.)
The Son of Man goes forth to war to the gain no golden crown.
No empire seeks nor tribute, nor titles of renown;
But standing for all nations, those at peace and those in strife,
He strikes for right and liberty, for truth lays down his life.

The Son of Man goes forth to war armed with a living word.
With no display of waving plumes nor show of glittering sword;
In dulcet blue and khaki brown his forces wave on wave,
Sweep forward over Europe on endangered world to save.

The Son of Man claims no applause or front place in the fight.
Enough if the appointed task is serving human right.
He digs, he cleans, he mends, he plants, He does his bit in patient strength of will to get things done.

The Son of Man is brown and white and yellow, red and black;
The Son of Man is womanhood behind the army's back;
The Son of Man is every child, potential Lord of all;
The Son of Man is Christ revealed in every living soul!

It must mean something to be born in human shape, at last.
The power and the dominion are in sight Tomorrow earthly kingdoms will have passed away—"and y."

When ye have lifted up the Son, shall know that I am He."

EAGER TO COMPLETE ROAD TO NASHVILLE

Auto Club Wants to Push Dixie Highway as War Emergency.

How to overcome the difficulties which the State Highway Department of Tennessee is facing in getting the contracts awarded to complete the Dixie Highway between Nashville and Chattanooga, will be the principal subject for discussion at the meeting of the Chattanooga Automobile club at the Hotel Patten tonight.

J. H. Wann, G. E. Glaser and Secretary V. D. L. Robinson, representing the club, returned to the city this morning from Nashville, where with representatives of other counties between Nashville and Chattanooga, they had a conference with three members of the state highway department. A meeting of the department had been called but owing to the absence of several of the members on account of war work no quorum was obtained. Another meeting of the committee will be held next week.

While there are a number of difficulties ahead of the department in completing the highway between Nashville and Chattanooga and thereby opening up the way between the north and south for war work, it was felt by the members of the board that they are possible of solution with the prospect of starting the work within the next thirty days. Bids for the second time were opened on the construction of the highway in Bedford county between Shelbyville and the Coffee county line, and between Cowan and Sewanee. The bids are \$50,000 in excess of the engineer's estimates. The contract has been awarded in Coffee county for the six miles through Tullahoma and the work is under way. The contract for the work between the Coffee county line and Winchester has been awarded conditionally on the commencement of work between Cowan and Sewanee. The surveys have been completed in Marion county and the estimates are now being prepared. The work in Hamilton county is under contract and the contractor is at work. The results and observations of the Chattanooga delegation's visit to Nashville will be reported on at the meeting tonight.

WHOLE POLISH QUESTION TO BE DISCUSSED ANEW

Copenhagen, Sept. 12.—No solution of the Polish question has yet been found, according to the Berlin Voelische Zeitung, and the whole matter will be taken up anew at the Berlin conference between Admiral Paul von Hintze, the German foreign secretary, and Baron Buryan, the Austro-Hungarian foreign minister. Representatives of Poland will not be called into the conference until an agreement in principle has been reached. Rumors of Baron Buryan's impending resignation, says the Voelische Zeitung, are due to his determination to insist upon an Austro-Polish solution of a union with the dual monarchy, a solution which is well known, finds no favor in Germany.

There is no reason to expect Baron Buryan's resignation, says the newspaper, until the Austro-Polish solution is finally rejected, if it is to be rejected.
